

Welcome to Your North Carolina Connected Community!

Congratulations on the purchase of your new home in the Preserve at Reedy Creek community!

Enjoy energy saving features and smart devices installed in your new home!

As a homeowner in this community, you are participating in an innovative Connected Communities research study with [Duke Energy](#), [Mattamy Homes](#), and the [U.S Department of Energy](#) to help electric utilities identify more ways to cleanly and efficiently serve their customers' energy needs.

For participating in the study, you'll receive more than \$3,500 in advanced features and services. Ask about optional energy-savings features such as solar, home batteries and EV charging!

Enroll in the **Duke Energy Progress EnergyWise Home®** program when you move into your new home and receive \$75 in bill credits and \$25 for each year you stay in the program!

Get Started... It's Easy!

1

Visit [Enroll My Thermostat](#) to sign up for the Duke Energy Progress [EnergyWise® Home](#) program.

2

Email us at INFO@ncconnectedcommunities.com.

3

We will contact you to provide you with additional information!

Learn more about your community and the NC Connected Communities study: www.ncconnectedcommunities.com/preserve-at-reedy-creek

Your usage data will be used to help Duke Energy and the study team learn how energy is used in your home. Data collected will be made anonymous and remain confidential. Your feedback will be requested through periodic surveys to help the study team understand your experiences with this program and the technologies in your home.
